

NASA

Space Center Houston

Houston, Texas is home for Space Center Houston, which is owned and operated by the Manned Space Flight Educational Foundation, a 501(c)(3) nonprofit educational foundation. Space Center Houston offers exhibits and experiences such as the Starship Gallery which is home to multiple flown spacecraft and national treasures. Get an up-close look at some of the most amazing artifacts that trace the progress of human space exploration. Explore a comprehensive collection of spacesuits representing the men and women of space exploration. See the ejection suit that astronaut John Young wore on the first shuttle flight in 1981. Go inside the shuttle replica Independence mounted

on top the historic and original NASA 905 shuttle carrier aircraft, and then explore the giant plane. It is the only world's shuttle mounted on a SCA and the only one allowing the public to enter both.

Discover what it takes to travel to Mars, what hardware will get us to the fourth planet in our solar system and how humans may live on the red planet in the next few decades.

Also go on site at NASA Johnson Space Center and get a behind-the-scenes look at human space exploration. You will tour the astronaut training facilities, Mission Control and more.

The Texas Lone Star Chapter has arranged transportation to NASA Space Center Houston on Friday, August 7, leaving at 9:30 AM and returning at 3:00 PM. The cost is \$35.00 per person which includes round trip transportation and general admission. NASA is about an hour across town. Lunch is not included in the price and is on you. NASA has a cafeteria on location. Register now and don't miss this great tour.
